

Product Information

VENTO 31

CANTON

Enclosures and Technology

With Attention to Detail

ATB Membranes

ATB-diaphragms (Aluminium Titanium Black) in the low- and mid-frequency range

Wave Surround Technology

Extremely long strokes with precise acceleration and deceleration characteristics

BC Tweeter

Square-shaped transmission front plate with Black ceramic tweeter system (BC)

Modern Design

Enclosure with a tapered front and rear design and smooth curves, for uniform sound dispersion

Multi-layer cabinets

Elaborate enclosure design with reduced natural resonance behavior

Gold-plated terminals

Gold-plated single-wiring terminals for optimal signal transmission

High-Quality Design

The Vento 31's cabinet is more than just an attractive shell – it forms the foundation for its acoustic precision as a compact speaker. The rounded front design with curved multi-layer laminate reduces full-range cabinet resonance and contributes to a smooth, controlled sound. Soft lines and balanced proportions give it a modern and elegant appearance.

Variants

Surfaces for every Taste

Derived from the Italian word for "wind" the new Vento models combine elegance with powerful sound performance. The flowing curves, the offset base, and the distinctive square shape of the tweeter define their unmistakable design. With an exclusive range of elegant color options and high-quality finishes, the new Vento speakers make a statement in your living space – not only with their sound but also with their appearance.
