

SUGDENAUDIO

'rescuing music from technology'

Masterclass LA-4 Pre-amplifier

A high quality active pre-amplifier featuring a host of inputs and outputs. The LA-4 makes a perfect combo with either the Masterclass or Sapphire power amplifiers. High-end touches include gold plated circuit boards, relay switching of all inputs and output and a sophisticated class A output stage. The LA-4 is a high gain amplifier that provides an iron fist of control over any power amplifier. The electronic circuitry has been developed to offer the best pos-

sible sonic performance without compromise including the use of specially selected transistors and capacitors to provide the best signal preservation. The gain stages are each powered by current shunt differential power supplies, which enable the fastest transients and most powerful crescendos with true musical empathy.

Masterclass LA-4 Pre-amplifier

Masterclass LA-4 Specification

Facilities

Inputs

Four line level inputs, one tape input
one balanced input, bypass input

Outputs

Two line level outputs, balanced output
fixed tape output

Volume Control

Motorised remote control RC5 compatible

Recording

Tape output defeat

Specification

Input sensitivity

100mV for 1 Volt out

Maximum output

10 Volts

Frequency response

+/-0.1dB 15Hz - 30kHz

Bandwidth

6Hz - 300kHz

Signal to noise

>90dB

Distortion at 1 Watt, 1kHz

>0.006% @ 1kHz, 1 Volt out

Gross weight

7 kgs

Dimensions

75 x 430 x 350mm (hwd)
